**REX AMERICAN RESOURCES REPORTS
FOURTH QUARTER DILUTED EPS OF \$0.70**

Full Year Diluted EPS of \$1.18

Dayton, Ohio, (March 26, 2020) -- REX American Resources Corporation (NYSE: REX) ("REX" or "the Company") today reported financial results for its fiscal 2019 fourth quarter ("Q4 '19") ended January 31, 2020. REX management will host a conference call and webcast today at 11:00 a.m. ET.

Conference Call:	212/231-2904
Webcast / Replay URL:	www.rexamerican.com/Corp/Page4.aspx
	The webcast will be available for replay for 30 days.

REX American Resources' Q4 '19 results principally reflect its interests in six ethanol production facilities and its refined coal operation. The One Earth Energy, LLC ("One Earth") and NuGen Energy, LLC ("NuGen") ethanol production facilities are consolidated, as is the refined coal entity, while those of its four other ethanol plants are reported as equity in income of unconsolidated ethanol affiliates. The Company reports results for its two business segments as ethanol and by-products, and refined coal.

REX's Q4 '19 net sales and revenue rose to \$120.9 million, compared with \$113.3 million in Q4 '18. The year-over-year net sales and revenue increase was primarily due to higher ethanol pricing on a year-to-year basis, which more than offset lower dried distillers grains pricing as well as a 9.2% decrease in ethanol gallons sold. Primarily reflecting these factors, which offset a 14.4% year-over-year increase in corn prices, Q4 '19 gross profit for the Company's ethanol and by-products segment rose to \$8.1 million, compared with \$5.4 million in Q4 '18. As a result, the ethanol and by-products segment income before income taxes increased to \$5.0 million in Q4 '19, compared to \$1.4 million in Q4 '18. The Company's refined coal operation incurred a \$1.5 million gross loss and a \$1.4 million loss before income taxes in Q4 '19, compared to a \$3.2 million gross loss and a loss before income taxes of \$3.3 million in Q4 '18. REX reported a Q4 '19 income before income taxes and non-controlling interests of \$2.8 million, compared with a loss before income taxes and non-controlling interests of \$1.7 million in the comparable year ago period. While the refined coal operation negatively impacted gross profit and income before income taxes, it contributed a tax benefit of \$1.5 million and \$4.8 million for Q4 '19 and Q4 '18, respectively.

Net income attributable to REX shareholders in Q4 '19 increased to \$4.4 million, compared to \$1.1 million in Q4 '18. Q4 '19 basic and diluted net income per share attributable to REX common shareholders was \$0.70, compared to net income per share of \$0.17 in Q4 '18. Per share results in Q4 '19 and Q4 '18 are based on 6,320,000 and 6,341,000 diluted weighted average shares outstanding, respectively.

REX American Resources' Chief Executive Officer, Zafar Rizvi, commented, "The fourth quarter of fiscal 2019 saw the crush spread improve over the year-ago period primarily due to higher ethanol pricing. As a result, we were able to improve the ethanol and by-products segment gross profit by 50%, allowing us to generate \$0.70 of income per share. That brings fiscal full year 2019 income per share to \$1.18, marking yet another profitable year for the Company.

"We entered fiscal 2020 facing continued challenges, including the recent decline in the crude market and the advent of the COVID-19 pandemic and its impact on fuel demand and the economy at large. These challenges led to further declines in recent crush spread levels which has led to the recent idling of our NuGen plant and which may warrant similar actions at the One Earth plant to help preserve our financial liquidity and flexibility. While the operating environment remains severely challenged at this time, we remain focused on creating shareholder value through our disciplined operating approach, the strength and health of our balance sheet, which includes cash and cash equivalents in excess of \$205 million and working capital of \$239.5 million, no bank debt and the ongoing authorization from the Board of Directors to purchase up to 350,000 common shares."
